15 June 1959

SUBJECT: Supervisory Field Service (Firewel Co.)

TO: Contracting Officer

REF: DPD-2050-59 dated 26 March 1959

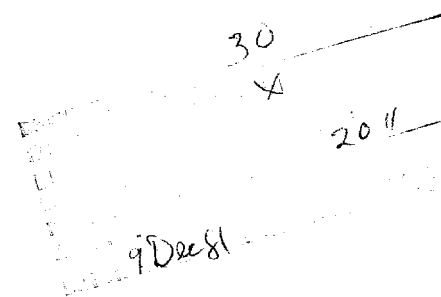

The Contractor's proposal for a supervisory field service representative for period 1 October 1958 to 30 June 1959 has been reviewed.

Provisions contained in Exhibit A appear to be reasonable and consistent with good contracting procedures and policies. However, Item 7 under "Miscellaneous" on page 4 of Exhibit A specifies a two-week vacation with pay and transportation to Buffalo and return. The authorization of transportation in connection with vacation is not consistent with other contracts of this type. Request you reconsider this provision.

OK

Request that the period of performance under this proposed contract be extended through 30 June 1960 consistent with FY-1960 requirements.

OK
